Welcome back. How was work today? You seem down.

I'm just tired from work today.

You should relax.

I think so too. What can I do to relax?

Have a nice long hot shower. That should help.

I'm give that a try.

Hello. How is the weather going to be today?
Thank you! How is the traffic looking right now?
Hi. Oh man, I'm so hungry.
Thanks, Musio. What's the weather forecast for today?
Welcome aboard, mister.
